WHY FDSM

As China's first higher education institution to establish the educational system of Business Administration, Fudan launched its business discipline as early as 1917.

With century-long development, School of Management at Fudan University (FDSM) has been making great achievements in various disciplines and research areas, both home and abroad.

The School is ranked No. 91 globally, No. 9 in Asia and No. 1 in mainland China according to The UTD TOP 100 Business School Research Rankings 2016-2020.

The School was awarded the EQUIS Accreditation by EFMD in 2009, and received the five-year EQUIS re-accreditation in 2012 and 2017 respectively. Meanwhile, the School quickly achieved the AACSB Accreditation in 2010 and obtained the five-year AACSB re-accreditation in 2015 and 2020 respectively.

The School now consists of 8 departments and 29 cross-disciplinary research institutes. It includes 5 disciplines and 13 sub-disciplines that awarding doctoral degrees, and 5 disciplines and 16 sub-discipline that awarding master's degrees.

By the end of 2020, the School has a total of 851 undergraduates, 124 MPhil and PhD students, 6,124 professional master students and 183 DBA students. Currently, the number of FDSM alumni has come to more than 51,000.

MF PROGRAM

The Master of Finance Program was launched in 2010 in collaboration with Anderson School of Management at the University of California – Los Angeles and Princeton University. Taught in English, the Program is committed to developing aspiring professionals who can push the boundary of knowledge and practice in financial industry. The Program offers a Master of Finance degree with specializations in Financial Engineering and Financial Management.

Program Highlights

- Gain cutting-edge knowledge from world class faculty through interactive lectures, real-life case studies and integrative projects.
- Develop advanced analytical and technical financial skills and tools necessary for future career in Finance.
- Gain unprecedented access to the financial industry in Shanghai. Students are granted with opportunities to visit leading financial institutions and meet most influential innovators in the industry.

FACULTY TEAM

The Master of Finance Program consists of faculty members from:

The School boasts a total of 152 faculty members, including 56 full professors and 64 associate professors. 96.71% of the faculty holds a PhD degree, among them 67 faculty members obtained PhD degrees from overseas, accounting for 44.08% of the total faculty members.

The Anderson School of UCLA and Princeton University.

Faculty members from these two schools bring the most professional knowledge on corporate finance, investment principles, capital market and financial instruments, combining theory with practice.

The Financial Engineering specialization is jointly initiated by FDSM and Princeton University. It is designed to integrate technology and the latest conceptual developments in finance, statistics, mathematics and computer to form a comprehensive system, and help to develop well-rounded students to become global leaders. Students are offered cross-disciplinary academic environment, having both breadth and depth in related fields including risk management, structural financial products, sales and quantitative transaction, quantitative research and financial information technology. The purpose of this Program is to meet the growing demands for risk management and quantitative finance, and to develop financial talents who make a powerful impact on business and society.

The length of study is two years, and the language of instruction is English. Students who complete the required credits and pass the thesis defense will be granted a Master's degree by Fudan University and a learning certificate issued by Princeton University.

INDUSTRY CONNECTIONS AND ACTIVITIES

Strong Partnerships with Enterprises

The School has established school-enterprise partnership in multi-dimensions to develop student talent, connect faculty with corporates, and deliver maximum impact, with the aim of supporting global businesses and making an impact on society at large. Every season, world-class enterprises such as UBS, Citi Bank, HSBC, SVB, Starr Foundation, Volvo, Fosun Group, Bloomberg, Cargill and Shanghai Stock Exchange to name a few, launch their recruiting plans at FDSM, promoting their corporate brands and recruiting talents through campus talks, career fairs, campus business competition, CDO portal and more.

Global Field Trips

Every year, students are fully sponsored to step out of the classroom and visit world-class financial enterprises in Hong Kong and Singapore through FDSM's corporate partnerships, to gain real-world experience and expand their perspectives.

Besides, students have chances to participate in Chinese corporate trips, visiting top companies such as Tencent, Alibaba Group, and Huawei, and to learn from the best.

Yiqun He

Analyst at Bank of China
Investment Management,
Alumni of MF 2018

“School of Management, Fudan University has provided us with a full range of activities. Events organized by the Career Development Office, such as 1-on-1 career consulting, mock interview, group interview guidance, and corporate luncheon parties have greatly boosted our confidence in the job-hunting season. Mentors from the Alumni-Tutor program are all industry leaders, and we could bridge connections and conduct further communication with them. In the meantime, the School also offers us enriched learning resources. Renowned professors and well-designed curriculum in cooperation with UCLA and Princeton have provided us with access to latest advancements in the world in both academic and industry arena. In addition, participation in various activities, including Corporate Practice Courses, Oversea Study Tours and Investment Competitions have made us stand out among others during our internship programs.”

“The School sees demand from students and act accordingly. It includes both theory and practical exercises in the curriculum. The Career Development Office conducts very detailed trainings in terms of resume polishing and other career services. In addition, each student could receive individual guidance from alumni mentors, who are leading experts in their own industry. The School is all about sharing and inheritance. Therefore, the sense of belonging is so intense. Professors and alumni are both truly selfless in sharing their professional knowhow to guide us to a better future.”
